To Whom It May Concern:

**Re: CC Technologies Anti Bacterial Washdown Unit (ABWU)**

This is to certify that we have had an ABWU installed in our premises Evergrowth Meat Exports (Aust) Pty. Ltd.

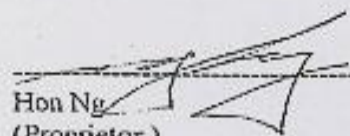

The ABWU treats all our incoming water. Since installation, we have notice a dramatic decrease in smell and odour from our premises.

We also have confirmed a lower bacterial cell count on surfaces in our processing, boning room and loading areas since installation of the ABWU.

We now use significantly less chemical cleaning and deodorising products. We have even been washing our meat transport vehicle interiors with water from the ABWU – further reducing smell and contamination.

We would recommend consideration of an ABWU for similar applications.

Yours faithfully,

  
Hon Ng  
(Proprietor)  
Evergrowth.
